I am writing this complaint letter to officially inform you about some families in our neighborhood residing in the HOA. They are not using the trash cans properly and throw the garbage outside the bins. It not only spreads bad smells but is also harmful to the environment.

Being a responsible member, we need to keep our neighborhood in the best condition. I sincerely request you to warn those families or take some action to ensure the cleanliness in our neighborhood. This will be in everyone's best interest. I have attached [mention any supporting evidence, such as photos or other documents] for your review.

You can contact me for any further queries or discussion.

Thanks and Regards
